

NOGA KELAPA

by Kelompok Wanita Tani Sirna Mukti

What its made of?

Gula pasir yang dilelehkan sampai menjadi karamel lalu ditambah taburan parutan kelapa yang sudah disangrai. Noga dicetak bulat menggunakan batang pisang lalu dibentuk menjadi kerucut atau pipa.

Sugars were melted until it forms into caramel then were added roasted grated coconut into it. Then, Noga's mixture were flattened with hard banana's stem and after that molded it into cone-shaped or pipe-shaped.
